

V.I.E. Quality Assurance Manager (all gender) - Inhouse

Hamburg

Reference Number: 2026-3389

#weareALTEN - the home of forward thinkers

Wir sind die Gestalter von heute für die Welt von morgen.

Als einer der weltweit führenden Entwicklungsdienstleister setzen wir uns bei ALTEN dafür ein, die Zukunft unserer Partner, die Karrieren unserer Mitarbeiter und die Herausforderungen für unsere Gesellschaft und Umwelt positiv zu gestalten.

Mehr als 50.000 Mitarbeiter in 30 Ländern arbeiten schon heute an innovativen Lösungen in verschiedenen Ingenieur- und IT-Branchen wie Automobil, Luft- und Raumfahrt, erneuerbare Energien, Medizintechnik und Bahntechnik.

Company Description

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

More than 50,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as aerospace, renewable energy, medical technology, railway technology and automotive.

Are you a graduate with EU citizenship aged 18 to 28 and want to gain work experience in Germany?

Job Description

YOU...

- coordinate and monitor quality requirements within engineering and development projects.
- ensure compliance with project management methodologies, quality standards, and internal processes.
- support and advise Project Managers throughout project execution.
- act as an interface between business and technical teams to ensure successful project delivery.
- prepare, conduct, and follow up on internal audits, project reviews, and quality assessments.
- collect and monitor project KPIs to measure performance and efficiency.
- analyze results and derive improvement actions.
- prepare quality reports, dashboards, and project documentation.
- contribute to the continuous improvement of project management and quality processes.

YOU...

- hold a degree in Mechanical Engineering, Electrical Engineering, Industrial Engineering, Quality Management, or a comparable technical field.
- have initial experience through internships, working student positions, or a first role in project management, quality assurance, or engineering.
- are interested in project management, quality assurance, and process optimization.
- possess strong analytical, communication, and organizational skills.
- have a structured, proactive, and solution-oriented way of working.
- bring an assertive and pragmatic mindset with a strong focus on quality.
- are comfortable working with KPIs, reports, and project data.
- have very good written and spoken English skills.

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity. Severely disabled persons will be given preferential consideration if they are equally qualified.

Apply now using our online application form.
