

Analog Layout Engineer (all gender)

Munich

Reference Number: REF5099W

#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

More than 50,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as automotive, aerospace, renewable energy, medical technology and railway technology.

Make it happen

YOU...

- create layouts in CMOS or BICMOS technologies in collaboration with other experts of the team
- consider performance and quality aspects (e.g. RF requirements)
- perform adjustments to schematics, parasitic capacitance, resistance extraction and layout verification
- document and perform layout reviews

Be our forward thinker

YOU...

- have completed engineering degree in electrical engineering, physics or in similar studies
- have practical experience in Analog Layout
- are familiar with Cadence Layout Suite Tools
- have good communication skills in English

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity.

Severely disabled persons will be given preferential consideration if they are equally qualified.
