#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

More than 50,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as automotive, aerospace, renewable energy, medical technology and railway technology.

Are you a graduate with EU citizenship aged 18 to 28 and want to gain work experience in Germany?

Find out more about the V.I.E programme at [Voluntary program V.I.E - International career at ALTEN Germany \(alten-germany.de\)](https://www.alten-germany.de)

Make it happen

YOU...

- are responsible for the design, development and validation of test environments & tools (test bench, recording tools, simulated I/O ...)
- specify and design test plans and cases for the highly complex systems under laboratory conditions on the HiL/SiL and on test carriers
- in addition to building test automatic seals via C, Python, Perl and CAPL, you are responsible for recording and evaluating Traces via CANoe and CANalyzer
- finally, you will analyze and document the results of the tests

Be our forward thinker

YOU...

- fulfill the general V.I.E program requirements (European graduate, aged between 18 and 28 years)
- have a successful degree in electrical engineering, computer science or a comparable apprenticeship with relevant professional experience
- are experienced in dealing with test equipment such as HiL (dSpace), CANoe and CANalyzer and in the application of simulation software (Matlab/Simulink, IPG Carmaker etc.)
- have already been able to gain knowledge of communication protocols of the automotive environment (e.g. CAN, LIN, Ethernet)
- experience in C, C + +, Python, Perl and CAPL is also desirable
- have very good language skills in English, German is nice to have

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity.

Severely disabled persons will be given preferential consideration if they are equally qualified.
