

Project Manager - Railway (all gender)

Berlin

Reference Number: REF4906E

#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

More than 50,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as automotive, aerospace, renewable energy, medical technology and railway technology.

Make it happen

YOU...

- are responsible for managing complex, technical projects and uses project management methods and tools to achieve the project objectives
- ensure that projects meet the required quality standards and milestones on time
- are responsible for the division and organization of the workload as well as the communication with different departments

Be our forward thinker

YOU...

- have a degree level qualification in an engineering, scientific or mathematical discipline or equivalent experience.
- have experience preferably in the railway, automotive, aircraft or naval sector
- ideally have an IPMA Level D - A certification
- are fluent in English and preferably in German

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity.

Severely disabled persons will be given preferential consideration if they are equally qualified.
