

AIT Engineer (all gender)

Friedrichshafen

Reference Number: REF11000F

#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

More than 50,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as automotive, aerospace, renewable energy, medical technology and railway technology.

Make it happen

YOU...

- are significantly involved in the production and development of new satellites
- can take on various tasks within our AIT (Satellites Assembly Integration and Test) project
- work e.g. as an AIT engineer in the areas of manufacturing, production, mechanical design, optical instruments, planning & controlling or management
- have the opportunity to provide technical trainings for new employees and pass on your expertise
- have just finished your studies? Our experts will be happy to train you

Be our forward thinker

YOU...

- have a degree in aerospace, electrical engineering, mechanical engineering or a comparable field of study
- have an affinity and enthusiasm for space
- already gained experience in the development of satellites
- have a very good knowledge of English

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity.

Severely disabled persons will be given preferential consideration if they are equally qualified.

Do you have any questions?

Then contact me: Fabian Preidt (Fabian.preidt@alten.com)

Or apply now using our online application form.

A home where people learn and thrive
