#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

More than 50,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as automotive, aerospace, renewable energy, medical technology and railway technology.

Are you a graduate with EU citizenship aged 18 to 28 and want to gain work experience in Germany?

Find out more about the V.I.E programme at [Voluntary program V.I.E - International career at ALTEN Germany \(alten-germany.de\)](https://www.alten-germany.de)

Make it happen

YOU...

- ensure Embedded SW-Quality for various ECUs so that it can be integrated to the system or vehicle
- accompany and support the specialist department from awarding to SOP
- support several control units in the area of software quality
- independently qualify all SW-QS tasks that arise (Code Review, Unit Tests .. etc.)
- check the fulfilment of client's requirements for suppliers using PAG metrics

Be our forward thinker

YOU...

- fulfill the general V.I.E program requirements (EU graduate, aged between 18 and 28 years)
- have completed studies in Computer Science, Informatics, Electronics or similar
- possess very good German and English skills
- have strong communication skills as well as an assertive, goal-oriented and structured personality
- ideally already have first experience with embedded systems, C/C++ languages and/or automotive R&D process

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity.

Severely disabled persons will be given preferential consideration if they are equally qualified.
