V.I.E C# Software Developer (all gender)

Stuttgart

Reference Number: REF8235U

#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

More than 50,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as automotive, aerospace, renewable energy, medical technology and railway technology.

Are you a graduate with EU citizenship aged 18 to 28 and want to gain work experience in Germany?

Find out more about the V.I.E programme at Voluntary program V.I.E - International career at ALTEN Germany (alten-germany.de)

Make it happen

YOU..

- develop and implement new software applications with C# for an automotive project.
- are responsible for the ongoing maintenance and further development of existing software requirements.
- create functional test scenarios, transfer them to the test automation framework, and take responsibility for the technical implementation.
- create reports with dashboards.
- contribute to the automotive project, ensuring software meets industry-specific standards and requirements.

Be our forward thinker

YOU...

- fulfill the general V.I.E program requirements (EU graduate, aged between 18 and 28 years)
- hold a degree in electrical engineering, automotive engineering, computer science or similar
- have a first experience in software development with C#
- have a very good knowledge of English
- ideally already possess a first experience in embedded software/automotive industry
- ideally have some initial experience in test automation

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity.

Severely disabled persons will be given preferential consideration if they are equally qualified.
