

V.I.E Ingenieur HIL Support (all gender)

Stuttgart

Reference Number: REF7371P

#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

More than 50,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as automotive, aerospace, renewable energy, medical technology and railway technology.

Are you a graduate with EU citizenship aged 18 to 28 and want to gain work experience in Germany?

Find out more about the V.I.E programme at [Voluntary program V.I.E - International career at ALTEN Germany \(alten-germany.de\)](https://www.alten-germany.de)

Make it happen

YOU...

- work on the required hardwares and softwares through Python and planning the room concept
- set up and maintain test environment, optimizing it in terms of modularity
- develop test scenarios on system/software level based on customer requirements
- execute automated/manual tests using VTESTstudio, CANoe, dSpace... or other tools for communication and integration analysis

Be our forward thinker

YOU...

- fulfill the general V.I.E program requirements (European graduate, aged between 18 and 28 years)
- have completed a technically oriented degree, such as industrial engineering, electrical engineering or mechanical engineering
- have ideally basic electrical and electronic knowledge
- have already had experience in the care, maintenance and commissioning of HIL test benches
- are independent and self-reliant way of working as well as a high degree of motivation and communication skills characterize you.

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity.

Severely disabled persons will be given preferential consideration if they are equally qualified.
