

V.I.E Aerospace Electrical Design Engineer (all gender)

Donauworth

Reference Number: REF10384W

#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

More than 50,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as automotive, aerospace, renewable energy, medical technology and railway technology.

Are you a graduate with EU citizenship aged 18 to 28 and want to gain work experience in Germany?

Find out more about the V.I.E programme at [Voluntary program V.I.E – International career at ALTEN Germany \(alten-germany.de\)](https://alten-germany.de)

Make it happen

YOU...

- are responsible for project planning tasks, creating circuit diagrams, signal lists and designing electrical systems and their functional and assembly groups
- evaluate technical problems and make solution proposal for electrical wiring
- compare connections and signals between real helicopter and simulators
- contribute to ensuring the continuous improvement and adaptation of our technology and its production processes and create the system documentation to ensure that our systems meet the highest quality standards
- participate in interdisciplinary projects in close collaboration with your team and external partners to implement innovative solutions for our customers

Be our forward thinker

YOU...

- fulfill the general V.I.E program requirements (EU-graduate, aged between 18 and 28 years)
- have completed an electrical or aerospace engineering degree or comparable studies
- have experience in electrical design engineering, ideally in the aerospace industry
- are an open and communicative person
- speak fluent English, further languages are a plus

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity. Severely disabled persons will be given preferential consideration if they are equally qualified.

Do you have any questions?

Then contact me: Andre Campiao (Tel.: +49 711 49064164).

Or apply now using our online application form.

A home where people learn and thrive

- **Talent Management** – we develop your career
- **Language skills** – improve your language skills in your daily work or in online language courses
- **Work Life Balance** – flexible working hours and mobile working possible
- **A to Z** – Private International Health Care
- **Your future** – possibility of permanent employment with ALTEN worldwide

...in addition we offer you corporate benefits and team events.
