#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

More than 50,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as automotive, aerospace, renewable energy, medical technology and railway technology.

Are you a graduate with EU citizenship aged 18 to 28 and want to gain work experience in Germany?

Find out more about the V.I.E programme at [Voluntary program V.I.E - International career at ALTEN Germany \(alten-germany.de\)](https://alten-germany.de)

Make it happen

YOU...

- support the design, development, and testing of aeronautical and aerospace systems and components
- contribute to projects in manufacturing, digitalization, or project management, depending on your background and interests
- plan and coordinate activities, ensuring smooth collaboration between teams, suppliers, and customers
- drive process optimization and continuous improvement in a high-tech aerospace environment
- monitor project progress, track milestones, and contribute to technical documentation and reporting
- take on a versatile role where your responsibilities evolve with project needs, giving you exposure to multiple areas of aerospace engineering

Be our forward thinker

YOU...

- fulfill the requirements of the V.I.E program (EU graduate, aged 18–28)
- hold a degree in aeronautical engineering, aerospace engineering, mechanical engineering, industrial engineering, or a related field
- bring initial experience or a strong interest in the aerospace industry (through internships, university projects, or thesis work)
- are motivated, proactive, and eager to contribute to innovative aerospace projects
- communicate fluently in English; knowledge of German is a plus in the international work environment

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity.

Severely disabled persons will be given preferential consideration if they are equally qualified.
