

V.I.E HiL Test Bench Engineer (all gender)

Abstatt

Reference Number: REF14197Y

#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

More than 50,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as automotive, aerospace, renewable energy, medical technology and railway technology.

Are you a graduate with EU citizenship aged 18 to 28 and want to gain work experience in Germany?

Find out more about the V.I.E programme at [Voluntary program V.I.E - International career at ALTEN Germany \(alten-germany.de\)](https://alten-germany.de)

Make it happen

YOU...

- provision, replace, and set up computers, including initial installations, reinstallations, and configuration tasks for various customer product classes
- support software developers and testers working both locally and remotely, while also preparing and verifying project-specific systems to ensure error-free operation
- maintain and troubleshoot HiL systems through regular reboots, software installations or updates, driver and firmware updates, and by resolving potential sources of error
- manage a hardware pool and provide lab equipment—such as cables, adapters, and connectors—on request
- document HiL system availability and equipment status regularly to ensure accurate and up-to-date records

Be our forward thinker

YOU...

- fulfill the general V.I.E program requirements (EU-graduate, aged between 18 and 28 years)
- have completed studies in Computer Science, Informatics, Electronics, or a related field
- have hands-on experience in the automotive industry
- bring practical experience in electronics or mechatronics, with a solid understanding of these fields
- are skilled in using a multimeter and general hardware tools, with a focus on electrical safety
- speak English fluently and have a good command of German

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity.

Severely disabled persons will be given preferential consideration if they are equally qualified.
