

V.I.E Software Tester Automotive (all gender)

Stuttgart

Reference Number: REF9359N

#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

More than 50,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as automotive, aerospace, renewable energy, medical technology and railway technology.

Are you a graduate with EU citizenship aged 18 to 28 and want to gain work experience in Germany?

Find out more about the V.I.E programme at [Voluntary program V.I.E - International career at ALTEN Germany \(alten-germany.de\)](https://alten-germany.de)

Make it happen

YOU...

- join a project in the automotive industry on HiL setup and maintenance
- support the customers party on-side with HW maintenance, ECU maintenance and update, rest bus simulation update and documentation
- manage the release tests and the regression tests
- cooperate with other technical departments throughout the whole project

Be our forward thinker

YOU...

- fulfill the general V.I.E program requirements (EU-graduate, aged between 18 and 28 years)
- hold an university degree in automotive engineering, computer science or electrical engineering
- have knowledge in HW-development, PCB-design and in electrical circuits. CAN-tools, C, C++, Git, Python, Java Script knowledge is a plus
- have very good language skills in English and German

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity.

Severely disabled persons will be given preferential consideration if they are equally qualified.

Do you have any questions?
