#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

More than 50,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as automotive, aerospace, renewable energy, medical technology and railway technology.

Make it happen

YOU...

- are responsible for the management of licence administration for all internal tools, including activation, renewal and allocation across the organization
- provide end-user support for licence-related questions, troubleshooting access issues and ensuring correct tool usage
- coordinate cross-department workflows to align tool ownership, cost centers, licence usage and user access requirements
- maintain accurate licence tracking dashboards/maps, ensuring up-to-date visibility of available, assigned and expiring licences
- monitor compliance and audit readiness, ensuring all tools and systems meet internal policies and vendor licensing rules

Be our forward thinker

YOU...

- have an IT Degree / IT Architecture Degree or an equivalent qualification

- are experienced in coordination with multiple departments
- have a strong understanding of redHat/Linux/Windows server architecture, including how licensing models interact with system environments
- are proficient in monitoring licence usage across users, servers and architectures, ensuring compliance and optimization
- can design and improve ergonomic, intuitive licence-tracking maps/dashboards for both technical and non-technical stakeholders

We value diversity and therefore welcome all applications – regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age, sexual orientation, and identity.

Severely disabled persons will be given preferential consideration if equally qualified.
