

System Engineer Linux – Central Checkout Systems (all gender)

Friedrichshafen

Reference Number: REF17354D

#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

More than 50,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as aerospace, renewable energy, medical technology, railway technology and automotive.

This position has the option to work in Munich, Ulm or Friedrichshafen.

Make it happen

YOU...

- setup, maintain and support Linux machines for testing and integration processes
- develop and customize tools and software layers
- collaborate with internal clients in a high-tech environment (aerospace)
- troubleshoot and document complex issues
- work proactively and solve difficult problems independently

Be our forward thinker

YOU...

- have a university degree in computer science, mathematics, aerospace engineering or equivalent
- are a proficient user of standard Linux commands
- have professional programming experience in Python and Java, ideally in aerospace sector

- have experience in shell scripting and with Git, databases, and networks
- have excellent written and spoken English skills, German skills are a plus

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity.

Severely disabled persons will be given preferential consideration if they are equally qualified.

Apply now using our online application form.
