

Engineer Digital Engineering (all gender)

Böblingen

Reference Number: REF19399X

#weareALLEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALLEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

More than 50,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as aerospace, renewable energy, medical technology and railway technology.

Make it happen

YOU...

- support the implementation and operation of Digital Engineering capabilities within assigned domains or projects
- contribute to cross-functional collaboration with R&D, Supply Chain, IT and other stakeholders by providing engineering input and feedback
- support pilots, rollouts and improvement initiatives for Digital Engineering solutions under guidance of senior team members
- analyze engineering workflows and identify improvement opportunities related to efficiency, quality and data consistency
- support adoption activities such as documentation, user support and training preparation
- provide data and feedback to help assess the effectiveness of Digital Engineering solutions and improvements
- ensure effective use and integration of Windchill, Xpedition and Siemens NX to reduce isolated tool landscapes
- help replace manual, Excel-based workarounds with standardized, scalable digital processes

Be our forward thinker

YOU...

- have a university degree in Engineering, Industrial Engineering, Computer Science or a comparable technical discipline
- bring initial experience in engineering environments, ideally with involvement in digital tools, processes or tool rollouts
- understand PLM concepts and have experience with engineering authoring or lifecycle systems (e.g., Windchill, Xpedition, NX)
- are willing to learn and apply new methods, tools and processes in a structured engineering environment
- work analytically and solution-oriented, with a pragmatic approach to improving workflows
- collaborate effectively in cross-functional and international teams

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity.

Severely disabled persons will be given preferential consideration if they are equally qualified.

Apply now using our online application form.

A home where people learn and thrive

- **Talent Management** - we develop your career
- **Work life balance** - flexible working hours and mobile working possible
- **Fit and relaxed** – with EGYM Wellpass
- **Enjoy biking** – always on tour with bike leasing
- **Green Mobility** - with us you can travel at a reduced rate

...in addition we offer a permanent employment contract, corporate benefits and team events.
