

Product Engineer (all gender)

Böblingen

Reference Number: REF19498D

#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

More than 50,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as aerospace, renewable energy, medical technology and railway technology.

Make it happen

YOU...

- work in the New Product Introduction (NPI) engineering team which drives operational excellence in an outsourced manufacturing environment
- actively drive and influence designs of new products (hardware and test software)
- qualify changes in both NPI and production phases and manage the roll?out across the entire supply chain
- manage product changes to enable manufacturing process optimization, cost reduction and quality improvements
- support manufacturing of existing electronic hardware products of the V93000 IC tester
- define and monitor manufacturing metrics to ensure quality, analyze root causes and define corrective actions to meet customer demand
- collaborate closely with contract manufacturers and internal teams (development, supply chain, product marketing) in a highly international environment

Be our forward thinker

YOU...

- have a Bachelor/Master degree in Electronic Engineering or an equivalent technical discipline

- bring experience in the development of printed circuit assemblies and end-to-end manufacturing processes of complex electronic assemblies
- have strong analytical skills in failure identification (data analysis, electronic measurements, debugging of electronic assemblies)
- show strong ownership and a proactive mindset in managing technical tasks and improvements
- are able to define schedules and keep timelines reliably
- communicate effectively and work as a team player in cross-functional and cross-company environments in both German and English
- are willing to travel up to 20%

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity.

Severely disabled persons will be given preferential consideration if they are equally qualified.

Apply now using our online application form.

A home where people learn and thrive

- **Talent Management** - we develop your career
