#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

Nearly 60,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as aerospace, renewable energy, medical technology, railway technology and automotive.

Make it happen

YOU...

- manage the procurement of radar systems, electronic components, and technical subsystems
- lead RFQ/RFP processes and negotiate pricing, contracts, and commercial terms with suppliers
- manage supplier relationships and monitor supplier performance regarding cost, quality, and delivery
- collaborate closely with Engineering, Quality, Supply Chain, and Program Management teams
- support make-or-buy decisions and contribute to cost optimization initiatives
- identify and mitigate obsolescence and supply chain risks

Be our forward thinker

YOU...

- have experience in Procurement, Strategic Purchasing, Category Management, or Supplier Management

- ideally bring experience from Aerospace, Defence, Aviation, Electronics, or Radar Systems
- have hands-on experience with supplier selection, RFQ/RFP processes, and contract negotiations
- understand technical products such as electronic components, sensors, antennas, RF technologies, avionics systems, or related equipment
- are comfortable discussing technical requirements with engineering teams
- have experience with SAP MM and/or SAP S/4HANA Procurement
- are fluent in English; German is a plus

We value diversity and therefore welcome all applications – regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age, sexual orientation, and identity.

Severely disabled persons will be given preferential consideration if equally qualified.
