Mechatronics AIT Technician – Electrical & Mechanical Integration (all gender)

Friedrichshafen

Reference Number: REF19336H

#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

Nearly 60,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as aerospace, renewable energy, medical technology, railway technology and automotive.

Make it happen

YOU…

- are responsible for the pre-assembly and integration of mechanical components such as brackets, spacers and fastening systems
- install and route electrical components within complex system architectures
- integrate test and measurement equipment, including sensors, thermistors, heaters and accelerometers
- perform electrical and mechanical assembly work in accordance with space industry standards
- support verification, testing and quality assurance activities

Be our forward thinker

YOU…

- have successfully completed training in Electrical Engineering (e.g., technician) or a comparable qualification
- have hands-on experience with cabling and connection technologies such as crimping, clamping and soldering
- are familiar with electrical integration, including connectors, grounding systems and wiring, as well as mechanical assembly tools (e.g., torque tools and fastening systems)
- have experience handling measurement and test equipment, including sensor systems and temperature measurement tools
- ideally have knowledge of ESA-certified processes in electrical and mechanical integration
- have strong communication skills in English, German is a plus and a collaborative approach

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity.

Severely disabled persons will be given preferential consideration if they are equally qualified.

Apply now using our online application form.

A home where people learn and thrive

- **Talent Management -** we develop your career
- **Work life balance -** flexible working hours and mobile working possible
- **Fit and relaxed –** with EGYM Wellpass
- **Enjoy biking –** always on tour with bike leasing
- **Green Mobility** - with us you can travel at a reduced rate

...in addition we offer a permanent employment contract, corporate benefits and team events.
