#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

Nearly 60,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as aerospace, renewable energy, medical technology, railway technology and automotive.

Make it happen

YOU...

- support the implementation and continuous improvement of a new digital tool for helicopter maintenance and airworthiness data
- integrate, maintain and analyse helicopter log card, maintenance and CAMO-related data
- identify opportunities for process improvement and future automation while ensuring data quality and consistency

Be our forward thinker

YOU...

- hold a degree in Aerospace Engineering, Mechanical Engineering, Industrial Engineering or a comparable technical field
- have initial experience in CAMO, Airworthiness, Technical Records, Maintenance Planning, Aircraft Maintenance or Data Management
- understand maintenance processes and technical documentation in an engineering environment

- communicate confidently in English and German

We value diversity and therefore welcome all applications – regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age, sexual orientation, and identity.

Severely disabled persons will be given preferential consideration if equally qualified.
