Industrialization Engineer (all gender)

Manching

Reference Number: REF19138J

#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

Nearly 60,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as aerospace, renewable energy, medical technology, railway technology and automotive.

Make it happen

YOU…

- work in the environment of maintenance, MRO and technical implementation in the aviation sector, particularly within the military transport aircraft domain (e.g. A400M)
- support the industrialization of technical measures derived from maintenance and change documentation during ongoing flight operations
- analyse technical documentation and drawings and derive implementation and introduction measures
- coordinate technical topics with adjacent departments such as engineering, maintenance, quality and production
- support the introduction of measures into existing processes and ensure technical conformity and compliance
- contribute to the optimization of workflows, processes and technical standards within the MRO environment
- support fault analysis, root cause analysis and continuous improvement activities

Be our forward thinker

YOU…

- hold a completed degree in aerospace engineering, mechanical engineering, industrial engineering or a comparable technical qualification
- have initial professional experience in maintenance, MRO, production or technical implementation within the aviation sector – ideally with exposure to military aviation programmes (e.g. A400M)
- have a solid technical understanding and are able to read, understand and assess technical drawings and documentation
- have initial exposure to technical changes, modifications or maintenance activities
- experience in a continued airworthiness or CAMO environment is an advantage, but not mandatory
- work in a structured, communicative and solution?oriented manner
- good English skills are required; Spanish skills are considered a plus

We value diversity and therefore welcome all applications – regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity.

Severely disabled persons will be given preferential consideration if they are equally qualified.

Apply now using our online application form.

A home where people learn and thrive

- **Talent Management -** we develop your career
- **Work life balance -** flexible working hours and mobile working possible
- **Fit and relaxed –** with EGYM Wellpass
- **Enjoy biking –** always on tour with bike leasing
- **Green Mobility** – with us you can travel at a reduced rate

…in addition we offer a permanent employment contract, corporate benefits and team events.
