V.I.E Electrical Design Engineer (all gender)

Donauwörth

Reference Number: REF21429M

#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

Nearly 60,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as aerospace, renewable energy, medical technology, railway technology and automotive.

Are you a graduate with EU citizenship aged 18 to 28 and want to gain work experience in Germany?

Find out more about the V.I.E programme at Voluntary program V.I.E - International career at ALTEN Germany (alten-germany.de)

Make it happen

YOU...

- design and release electrical wiring diagrams for helicopter electrical systems
- create and maintain documentation for electrical systems and antennas
- manage Bills of Materials and engineering data in SAP
- ensure compliance with certification and engineering requirements
- collaborate with cross-functional teams to integrate electrical systems

Be our forward thinker

YOU...

- hold a bachelor's or master's degree in Electrical Engineering, Electronics, Aerospace Engineering, or a related field
- have professional experience in electrical design and wiring diagrams
- have knowledge of electrical systems, certification processes, and technical documentation
- have experience with SAP and engineering design tools
- have business-fluent English and German skills

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity.

Severely disabled persons will be given preferential consideration if they are equally qualified.

Apply now using our online application form.

A home where people learn and thrive
