V.I.E Java Backend Engineer (all gender)

Friedrichshafen

Reference Number: REF21486D

#weareALTEN - the home of forward thinkers

We are the designers of today for the world of tomorrow.

As one of the world's leading engineering service providers, we at ALTEN are committed to positively shaping the future of our partners, the careers of our employees and the challenges facing our society and environment.

Nearly 60,000 employees in 30 countries are already working on innovative solutions in various engineering and IT sectors such as aerospace, renewable energy, medical technology, railway technology and automotive.

Are you a graduate with EU citizenship aged 18 to 28 and want to gain work experience in Germany?

Find out more about the V.I.E programme at Voluntary program V.I.E - International career at ALTEN Germany (alten-germany.de)

Make it happen

YOU...

- develop backend applications using Java and Spring Boot
- implement and optimize new software features
- analyze technical requirements and translate them into solutions
- contribute to the further development of existing applications
- support the deployment of applications in Kubernetes environments

Be our forward thinker

YOU...

- fulfill the general V.I.E program requirements (EU graduate, aged between 18 and 28 years)
- have a completed degree in Computer Science, Software Engineering, or a comparable field
- have professional experience in backend development
- possess strong knowledge of Java
- have experience with Spring Boot and ideally with Kubernetes
- communicate fluently in German and have good English skills

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age and sexual orientation and identity.

Severely disabled persons will be given preferential consideration if they are equally qualified.

Apply now using our online application form.

A home where people learn and thrive
